MEMORANDUM FOR: All Field Office Directors
 All Special Agents in Charge

FROM: Julie L. Myers *JLM*
 Assistant Secretary

SUBJECT: Prosecutorial and Custody Discretion

This memorandum serves to highlight the importance of exercising prosecutorial discretion when making administrative arrest and custody determinations for aliens who are nursing mothers. The commitment by ICE to facilitate an end to the "catch and release" procedure for illegal aliens does not diminish the responsibility of ICE agents and officers to use discretion in identifying and responding to meritorious health related cases and caregiver issues.

The process for making discretionary decisions is outlined in the attached memorandum of November 7, 2000, entitled "Exercising Prosecutorial Discretion." Field agents and officers are not only authorized by law to exercise discretion within the authority of the agency, but are expected to do so in a judicious manner at all stages of the enforcement process.

For example, in situations where officers are considering taking a nursing mother into custody, the senior ICE field managers should consider:

- Absent any statutory detention requirement or concerns such as national security, threats to public safety or other investigative interests, the nursing mother should be released on an Order of Recognizance or Order of Supervision and the Alternatives to Detention programs should be considered as an additional enforcement tool;
- In situations where ICE has determined, due to one of the above listed concerns or a statutory detention requirement to take a nursing mother into custody, the field personnel should consider placing a mother with her non-U.S. citizen child in the T. Don Hutto or Berks family residential center, provided there are no medical or legal issues that preclude their removal and they meet the placement factors of the facility. For a nursing mother with a U.S. citizen child, the pertinent state social service agencies should be contacted to identify and address any caregiver issues the alien mother might have in order to maintain the unity of the mother and child if the above listed release condition can be met;
- The decision to detain nursing mothers shall be reported through the programs' operational chain of command.

Requests for Headquarters assistance to address arrests and custody determinations as they relate to this issue may be addressed to the appropriate Assistant Director for Operations within OI or DRO.
